### **US 41 Project lane closures for January 27 – January 31**

*Traffic restrictions in Brown and Winnebago counties*

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing US 41 Project lane restrictions for January 27 – January 31 in Brown and Winnebago counties. Drivers should be aware of 11-foot wide lanes and reduced speed limits in both counties and remember to use caution while traveling through any work zone. Details of all closures are included below.

#### **Brown County**

##### **US 41**

Drivers should anticipate various overnight single lane closures on southbound and northbound US 41 along the entire Brown County corridor from south of Scheuring Road to Lineville Road. Lane closures can vary along the corridor, so drivers are urged to stay alert, pay attention to road signs, slow down and use caution when entering any work zone. The US 41 Project plans to have at least one lane of traffic open at all times on both northbound and southbound US 41 during construction. This does not include closures by local authorities for accidents or unusual incidents (such as weather).

##### **Duck Creek**

WisDOT reminds people to stay off the ice near under the Duck Creek bridge located just north of the I-43/US 41 interchange, in the village of Howard. The site is a popular access point to the Bay of Green Bay for snowmobilers and ice fisherman.

Ice has been broken up under and around the bridge as construction crews have installed a cofferdam. This ice clearing, coupled with a faster current caused by the new cofferdam, makes the ice extremely unpredictable and hazardous in the area. Those wanting to connect to the Bay of

Green Bay are asked to find another access point. The ice will not be safe to cross at this location at any time this season.

The new cofferdam is being used by WisDOT to build a new bridge over Duck Creek as part of the US 41 Project.

###

**All lane restrictions and work operations are weather dependent and subject to change.**
